### UX DESIGN PROJECTS

#### **Apply-U. UX Design**

2020

- A platform that makes the college admission and career planning process simple, self-paced, and economical.
- Conducted a competitive analysis, design audit, created mock-ups, and helped implement design changes.

#### **Springboard Capstone. UX Research & Design**

2019-2020

- A tool for Vegas locals to create an experience for themselves on the Vegas Strip while avoiding the problems that come with visiting a popular tourist destination.
- Conducted user interviews, created wireframes, mock-ups, and prototypes, and conducted user tests.

### EXPERIENCE

#### **GRN CBD. In-House Graphic Designer**

FEB 2018 - DEC 2019 | Las Vegas, NV

- Set a standard for high-quality deliverables by fulfilling incoming project requests as part of a 3-person design team.
- Communicated often with various teams in the company to ensure that our designs fit within the guidelines of the cbd industry.
- Worked closely with the creative director and design team to create branding, packaging, marketing assets, motion graphics, and 3D renders of new products.

#### **Freelance Graphic Designer/Illustrator**

2016 - Present

- Worked closely with Twitch broadcasters and content creators to develop branding and graphics for their channel. Graphics include subscriber emotes, profile banners, motion graphics, and merchandise.
- Notable clients: Pokimane, PTERODACTYLSFTW, DeerNadia
